

## DRASTIC STEPS TAKEN TO RELIEVE FUEL SHORTAGE

Preference and Priority  
Orders Issued  
Railroads

## NEW ENGLAND STATES SUFFER

WASHINGTON, June 19.—Drastic action for the relief of the fuel shortage in New England and other sections of the country was taken by the interstate commerce commission tonight in the issuance of preference and priority orders to the railroads for the transportation of bituminous coal to tidewater for transshipment by water to destination within the United States.

Stating that "an emergency exists which requires immediate action," the commission ordered all railroads in the eastern and southern territories to give priority to carloads of coal consigned to New England or any other domestic destination "until further orders."

## IMPEACHMENT OF WILSON DEMANDED

WAUSAU, Wis., June 19.—Impeachment of President Wilson is demanded by a plank in the 14 point platform adopted by the state convention of the Socialist party. Impeachment of Attorney-General Palmer and of Postmaster General Burleson is also demanded.

Governor Phillips was included in the list of those condemned for "indifference to the rank and file," but his impeachment was not specifically called for.

## OFFERS REWARD FOR MOSS MURDERS

SPRINGFIELD, Ill., June 19.—Reward of \$200 was offered by Governor Lowden today for the arrest of the slayers of Mrs. LeRoy Moss believed to have been shot by soldiers from Camp Grant. This proclamation followed the loss, this morning by General Dickson of a new touring car, stolen. It is believed by the fugitive soldiers, from a garage in Ramsey, Mo., that the car was stolen from the Chicago-Kentucky line. The car was being watched for the stolen machine, no report was had. From the fact that the thieves left an automobile stolen from Dwight two days ago the general's department here is working on the theory that the five soldiers are in the general's car and that they are trying to escape to Mexico.

## ADOPT RESOLUTIONS.

Mitchell, S. D., June 19.—The state convention of the committee of 48 here today adopted resolutions urging progressives of all parties to unite in the formation of the new party which is to be launched at Chicago on July 10. Senator LaFollette will be the choice of South Dakota's delegation.

## SAINT CLAIR WINS ANNUAL YACHT RACE

## HEARST URGES NEW PARTY HEADED BY SENATOR JOHNSON

Call to Citizens Issued Condemning Democrats and Republicans

CHICAGO, June 19.—A call to citizens to "assemble in a new independence hall, issue a new declaration of political independence and consecrate ourselves anew to the human rights and popular liberties the republic was created to conserve," was issued by William Randolph Hearst thru the medium of his newspaper the Chicago Herald and Examiner published in early editions here tonight.

The call asserts that "the Republican national convention straddle on almost everything," that Senator Johnson is "a safe and sane progressive to which no reasonable or honest business interest could properly object" and that "big money is afraid of a man with a progressive thought, no matter how sound and how universally beneficial that idea may be."

It continues: "The defeat of Johnson was not a defeat for the man. It was a defeat for the progressive ideas he entertained."

The call further says: "The Democratic party offers no refuge for independent upstanding Americans."

It then asks: "What then is left but a new party based on the old proven principles which have made our country great; our people free?"

The call is signed by Mr. Hearst.

## CHICAGO STREET CAR FARES INCREASED

CHICAGO, June 19.—Temporary increases in Chicago street car fares and telephone rates were authorized today by the state public utilities commission. The surface lines were given permission to charge an eight cent fare, effective July 1st. The present fare is six cents. For children under 12 the present rate of three cents was increased to four cents, with a provision that children under seven will be permitted to ride free if accompanied by parents. The elevated roads are not affected.

The new telephone rates are effective July 1 and apply to virtually all services except unlimited business service. The charge for each call on four party lines was advanced from five cents to 6-1/2 cents and others proportionately. The Chicago Telephone company was given ten days to accept the ruling.

"The operation of a public utility presents the same questions as the conduct of any other business," James H. Wilkerson, chairman of the commission said. "The cost of production determines the price which must be paid by the consumer."

## OBTAIN EVIDENCE IN ELWELL MURDER

NEW YORK, June 19.—Evidence involving persons "not hitherto mentioned in connection with the murder of Joseph B. Elwell, turkman and whist expert, shot to death in his home here June 11, was obtained today, assistant district attorney Dooling said tonight. The names were given by William Barnes, Elwell's secretary who was examined today and who furnished several important new leads, Mr. Dooling said.

The officials are convinced according to Mr. Dooling, that Elwell's assailant was not a stranger. Assistant District Attorney Talley declared the situation was no nearer solution although the officials have "an idea of several people who may have committed the murder."

"But we have not the evidence on any of them," he added. The case will not be submitted to the grand jury, Mr. Talley said, as there is nothing to be presented at this time."

## G. A. R. SELECTS ENCAMPMENT CITY

COLUMBUS, Ohio, June 19.—Indianaapolis will get this year's G. A. R. annual encampment, instead of Atlantic City, which was selected last fall when the encampment was held here. This decision was reached late today at a meeting of the national executive committee. The fact that sufficient funds could not be secured from the New Jersey legislature is said to have been one of the main reasons for the change.

The encampment it was announced by captain D. M. Hall of Columbus, national commander-in-chief will be held the week of September 19 instead of September 25, as originally set.

## MILLERAND IN ENGLAND

Folkstone, Eng., June 19.—The French premier, M. Millerand, and Marshal Foch and Marshal Weygand and their suites arrived here this afternoon and proceeded by motor to Lymington, where they were received by Premier Lloyd George and Sir Henry Wilson. It has been provisionally arranged that the whole party will start for Boulogne Monday morning.

## GUARDSMEN PATROL STREETS

## HARDING FORCED TO ABANDON HIS VACATION PLANS

Will Begin Series of  
Conferences With  
Party Leaders

## SPENT BUSY DAY SATURDAY

WASHINGTON, June 19.—Abandoning plans for a vacation at a seaside resort, Senator Harding, Republican presidential candidate, today decided to remain in Washington until the middle of July when he will go to his Marion, Ohio, home for the notification ceremonies.

Immediately on announcing this decision he began a series of conferences with party leaders which will continue while he prepares his acceptance address.

Assurance of support were received today from Senator Poincaré of Washington, from Governor Allen of Kansas from A. P. Moore, publisher of the Pittsburgh Leader, and from John C. Shaffer, publisher of the Chicago Post, the Rocky Mountain News of Denver, the Louisville Herald, the Indianapolis Star, and other midwestern papers.

Senator Poincaré issued a statement tonight saying Senator Harding and Governor Coolidge presented a "typically American ticket" for the election of which he expects to do all he could.

Governor Allen in a letter said it would be a "pleasure to do anything I can at any time to further the cause of your election."

After calling on Mr. Harding, Mr. Moore said he could not be a very good American and not be for him. He added that while he was not authorized to speak for Senator Johnson, he could say that to California was "one hundred per cent American from which you can draw your own conclusion."

Conferences between Senator Harding and former Senator Beveridge of Indiana, Theodore Roosevelt, Jr., and "other men prominent in the progressive wing of the party," were arranged today.

Mr. Harding also conferred today with former Senator Weeks of Massachusetts. It also became known that he had conferred at his home last night with Chairman Hays, and with Harry M. Bingham, his pre-convention campaign manager. Mr. Harding said the conference with Mr. Hays was informal and preliminary.

Mr. Harding had lunch with Samuel Adams of Charlottesville, Va., an avowed candidate for the Republican nomination for vice president at the convention. Edwi A. Smith of Spokane, Wash., and J. W. Jarman, of Des Moines, Iowa, at which problems of agriculture were discussed.

"We were convinced," said Mr. Adams, "of Senator Harding's thorough knowledge and sympathetic attitude toward the problems of the American farmer."

Representative Sinnott, Republican of Oregon, chairman of the house public lands committee discussed with him problems surrounding lands and irrigation projects.

The nominee has no engagements for tomorrow and intends to spend the day quietly at his home.

## DR. HASELDEN LEAVES LARGE WILL

CHICAGO, June 19.—Dr. Harry J. Haiselden, who became widely known when he refused to operate to attempt to save the life of "Baby" Bollinger, a misshapen child, left his niece, Mrs. Elizabeth Van Horne, nearly \$200,000. It was learned today.

Before he left for Cuba where he died unexpectedly, he placed \$5,000 with a broker to invest, without specific directions as to what was to be bought or sold. By investment in cotton, \$170,000 was cleared, the greater part accruing after Dr. Haiselden died.

## GOING TO ATTEND WEDDING IN AIRPLANE

Chicago, June 19.—John M. Larson and C. F. Redden, who left New York yesterday in a seven passenger all-metal airplane to fly to Omaha to attend a wedding June 23, landed here about 9 o'clock tonight. They left Buffalo at 5 o'clock. They expect to resume their trip either tomorrow or Monday and after visiting in Omaha a few days will fly back to New York.

## IOWA GOVERNOR SPEAKS IN CHICAGO

CHICAGO, June 19.—A campaign thruout the country on the opportunities and advantages of the American form of government was advocated today by Governor W. L. Harding of Iowa at a picnic of the Hawkeye club, here organization of former Iowans, in Jackson park. Iowa soldiers from Fort Sheridan and sailors from Great Lakes were the guests of honor at the gathering which also was addressed by Governor Lowden of Illinois.

"There has been more progress in the United States since the adoption of the constitution—progress in liberty, equality and justice—than in the entire previous history of the world," Governor Harding said. "The person who comes to me and wants to change the form of government has got to come with proof and not with theory alone."

"There is no improvement that can be thought of for the good of the people that cannot be worked out under our form of government."

## PRODUCTION OF COAL INCREASES

WASHINGTON, June 19.—Bituminous coal production during the week ended June 12, reached the highest level since the beginning of the strike of railroad switchmen, with an increase of 8 per cent over the last preceding full time week ended May 29.

The total production as announced today by the geological survey, was 13,322,000 tons, against 9,568,000 tons for the latter week. It was still six per cent less, however, than the rate for the week preceding the strike. The output thus far in 1920 is 38,900,000 tons ahead of that for the same period last year.

## DEMOCRATS WILL STAND BY WILSON ON PEACE LEAGUE

Approve Plank on  
League Endorsed  
by President

## DRAWN UP BY SEN. GLASS

SAN FRANCISCO, Cal., June 19.—Homer S. Cummings, chairman of the Democratic national committee declared today that the Democratic platform would endorse President Wilson's course regarding the league of nations by adopting the league plank incorporated in the Virginia platform, which the president already has approved.

This plank was drawn by Senator Glass of Virginia, who is being named in some quarters as the convention's probable nominee.

The president, Mr. Cummings said, at all times had agreed to any suggestion that would expand or develop the league provisions and his reason for opposition to some proposed reservation was that they vitiated the document.

"The stand of the Republican party on the league was a dishonest statement," Mr. Cummings said. "A peremptory and calculated attempt to satisfy irresponsibilities. At no point does it suggest ratification of the league treaty. It was made up of vague promises of some other kind of a league. I feel that the Republican convention did not dispose of the issue the party candidate himself already had voted for a league with reservations."

Concerning Herbert Hoover's statement that he was in accord with Senator Harding's candidacy Mr. Cummings said that was a matter Mr. Hoover would have to fight it out with his own conscience.

"I consider it a rather sad episode in American politics," he added.

Full hearings on all coming issues will be held by the resolution committee it was announced today.

## PRO-AMERICAN PARTY INCORPORATED

SPRINGFIELD, Ill., June 19.—Purposes of the pro-American wing of the Republican party incorporated here today by downstate supporters of Mayor Thompson of Chicago, were further amplified here tonight in a statement prepared by George B. Gillespie of this city. The organization he promises will be in a few days, make a full and formal statement.

Repeating the object, as expressed in the incorporation is to revive the Americanism of George Washington, and "to resist the aggressions of organized wealth," the statement says it stands for the things expressed by Senator Harding, in his presidential primary campaign speeches.

These are as follows: "Keep America for Americans and avoid entangling alliances with old war powers."

"Favors a return to normal business conditions and a square deal all around."

"Favors reduction of expenses of government operation. Is opposed to compulsory military training for the youth of the land."

"Is opposed to the establishment in this country of the European system of conscription in times of peace."

## WILL NAME ELECTORS IN SEPTEMBER

Chicago, June 19.—As a result of the state supreme court decision holding invalid the primary law of 1919, Frank L. Smith, chairman of the Republican state central committee declared today that "because there is no legal means at hand, action to the end that a state convention shall be held on September 21, which will name or confirm, a list of unquestioned candidates for presidential electors."

There must be no questions as to the legality of the nomination and election of the twenty presidential electors in Illinois, Mr. Smith said.

## REP. MONDELL SEES EARLY REDUCTION OF HEAVY TAX BURDENS

Statement Prepared for Final Issue of Congressional Record Monday

WASHINGTON, June 19.—Hope for an early reduction in taxes is held out by Rep. Mondell of Wyoming. Republican leader of the house in a statement prepared for the final issue Monday of the congressional record and made public tonight.

"We shall enter the new session of congress in December and the new congress in March," said his statement, "with the way opened for a substantial reduction of the tax burdens."

He made no prediction as to when the lower taxes would become effective but said reductions would not be possible until after the close of the fiscal year which begins next month. The proposed changes in the tax laws also were not revealed, although he indicated his disapproval of the administration program for the discard of the excess profits levies. He contended that such action at this time would mean a "shifting of burdens to the small and normal incomes and profits."

No hope for a return to pre-war expenditures and appropriations was expressed although he predicted that for the fiscal year beginning July 1, 1921, a reduction by upwards of a billion dollars would be effected.

The unbounded war debt was placed at \$32,500,000 by Mr. Mondell, who said it was a "continual menace" but when reduced by the anticipated surplus would bring the country "within reaching distance of reductions of the burdens of taxation."

## ILLINOIS DEMOCRATS DEPART FOR 'FRISCO

CHICAGO, June 19.—The advance guard of Illinois Democrats to the national convention of the party at San Francisco, June 28, departed tonight. It included former Governor E. F. Dunne and Carter H. Harrison. On Sunday night a party of 125, including forty Chicago and downstate delegates and delegates-at-large, will go on a special train.

New York delegates, who arrived here today from Fredrick Springs, Ind., will proceed tomorrow night. The party included Gov. A. E. Smith and Charles F. Murphy, Tammany chief.

Mr. Murphy was asked if New York had any choice among the prospective candidates.

"We have no favorite," he replied. To the same question Governor Smith said:

"Nobody can tell until the convention assembles."

The New Yorkers would not comment on the announcement by William G. McAdoo that he must not be considered for the nomination. It was reported the Illinois delegation would support Senator Glass of the resolutions committee and Fairbridge Coby, secretary of state, permanent chairman of the convention.

## MILLIONS OF BUSHELS OF WHEAT UNMOVED

TOPEKA, Kans., June 19.—Priority orders for cars by the interstate commerce commission is the only move that can bring relief to the Kansas grain men and wheat growers, railroad officials farmers, grain men, bankers and others, called by the state board of administration. Motive power shortage as well as lack of cars threaten to block efforts of the railroads to move Kansas grain, it was stated.

"Fifteen million bushels of last year's wheat still remains in the hands of the farmers," said State Senator Henry M. Laing, of Russell, who presided. "Ten millions bushels still is in the country elevators and it is estimated that 69,200,000 bushels of the new crop will be ready for shipment by September 1."

## FORMER RESIDENT VISITING HERE

Mrs. Nannie W. Callon of Natchez, Miss., is a guest at the Dunlap house, said State Senator Henry M. Laing, of Russell, who presided. "Ten millions bushels still is in the country elevators and it is estimated that 69,200,000 bushels of the new crop will be ready for shipment by September 1."

## A. F. L. CLOSES SESSIONS AMID STORMY FIGHT

Endorse League of  
Nations Without  
Reservations

## LABOR PROGRAM IS OUTLINED

MONTREAL, June 19.—The American Federation of Labor journeymen here tonight after endorsing the league of nations without reservations. The league session was a stormy one. Irish sympathizers supported by the progressive wing of the federation opposed endorsement of the league and thruout the debate President Gompers had difficulty in maintaining order. His gavel smashed in his efforts to quiet the proceedings.

Mr. Gompers and the executive council will leave immediately for Washington to put into operation the program framed by the convention.

The first move it was said will be launched against the Democratic national convention to obtain incorporation of the Federation's program in the party platform. They will urge also that the federation's non-partisan political policy, which was unanimously approved by the convention be carried out.

Labor's program as outlined by the convention demands:

Ratification of the peace treaty. Government ownership with democratic operation of railroads.

Curb on profiteering and high cost of living.

Jailing of food and clothing profiteers.

Right to strike and abolition of compulsory arbitration and anti-strike legislation.

Hands off in Mexico by the United States government.

Endorsement of the Irish republic.

Right of collective bargaining.

Advances in wages wherever necessary to maintain the American standard of living.

Shorter work day if necessary to prevent unemployment.

The league of nations issue arose shortly before adjournment. Its opponents were unable to gather sufficient votes for a roll call and a number of Irish sympathizers demanded that their votes be recorded as "no" in the records.

President Gompers was compelled to take the floor in support of the league when it became apparent the delegates were swinging to the opposition. The report of the committee on international relations which was adopted, declared that to reject the league would be "endorsing the policy of greed, hatred and brutal war as the rule that guides in the settlement of relations between nations."

"It is not a perfect document, and perfection is not claimed for it," the report before adjournment, however, mark the nearest approach to perfection that ever has been devised for the prevention of war. It must meet with the unqualified approval and support of the American working people."

"When has the American Federation of Labor failed to place itself on record for international peace?" asked Mr. Gompers. "I can't recall it."

"Even if the United States should ratify the league of nations, the world will not see disarmament the first year or maybe for a decade."

"But," he added, "we are not determining these questions for the immediate day for what we live."

## Shampoo

Remmo Sterilized Toilet Soap is perfectly suited to shampooing. It is absolutely pure soap—then sterilized at 198° Fahrenheit to keep it pure. Its foamy, creamy lather cleanses thoroughly. It can't possibly injure the hair—or harm scalp. Just the opposite—it is truly beneficial. Removes all dirt, dust and scalp accumulations—then washes out—leaving no trace of soap. The scalp is invigorated. The hair is left soft, fluffy, lustrous, and hair growth stimulated.

You must use Toilet Soap. Why not use the most beneficial. It costs no more.

## HUMMER WILL RUN THRU JACKSONVILLE

South Bound Chicago, Kansas City Train Will Run Through This City—New Time Card Will Be Effective at Midnight, Saturday, July 3.

According to the Bloomington Pantagraph, the Chicago & Alton is preparing a new time card which will become effective at midnight Saturday, July 3.

So far as is known it will only affect two trains through Jacksonville, the D. C. Ditz, local agent, did not know last night what changes might be made in trains between Jacksonville and St. Louis.

The south-bound Hummer, between Chicago and Kansas City, will run through Jacksonville every day except Sunday, when it will run over the Murrayville air line thru Springfield. The running schedule will be one

hour shorter than at present, calling for thirteen and one-half hours. It will leave Chicago about 6 p. m. and arrive in Jacksonville before midnight.

A new train will take the place of No. 71, and will be known as No. 23. It will leave Chicago at 1:30 p. m. and run thru Jacksonville.

## Social Events

### Entertained for Guests

At the pleasant country home of Mr. and Mrs. C. E. Lloyd, northwest of the city, a number of people were entertained Friday evening. The gathering was in honor of three young ladies of Sheldon, Ill., who have been attending the Sunday school convention. The evening was very happily spent in playing games, music and conversation. At a late hour the hostess served delicious refreshments.

Those present were, Misses Ethel Smith, Lena Ogle, Edna Clark, Edith Stewart, Hazel James, Leah Caldwell, Ethel Stewart, May Spaulding, Mrs. Gilbert, Mrs. Caldwell and Byron Stewart, Harold James, Leon Stewart, John Lloyd and the Lloyd family.

### Clubs and Societies

The United Commercial Travelers Women's club will meet with Mrs. C. K. Moore, 920 West North street Wednesday afternoon. It is the last meeting of the club year, and officers will be elected. A full attendance is desired.

### "JACK" SKINNER TO MOVE JULY FIRST

J. W. "Jack" Skinner, the well known auto supply man, will move his business on July 1 from South Sanday street, to the Fitch Building on South Main street. Mr. Skinner's growing business has made it necessary for him to secure more space and a more convenient location.

### DISMISSAL OF BYRNE AROUSES IRISH

DUBLIN—Dismissal of Sir Joseph Byrne, the Inspector General of the Royal Irish Constabulary, has provoked an outcry in all sections of the Irish Press. Sir Joseph has been at the head of the police since the Irish rebellion, and has administered all the police measures taken to suppress the Sinn Fein party. His friends say that he has never disobeyed any government order given him. Nevertheless his dismissal is treated as if it were the sacrifice of a popular official.

It is no secret that he disagreed with the government on the question of enforcing conscription for the army last year, and reported strongly against the possibility of its being carried out. There is reason to suppose also that the various measures lately taken for the protection of the police, the arming them with bombs and so forth, seemed to him more likely to make the

position of the police difficult and dangerous.

The explanation of the dismissal most widely current is that the government contemplates further measures which would make the police still more a military force, and possibly associate soldiers with them in the execution of their duties, and that Sir Joseph Byrne disapproved.

Among the few supporters of the government the opinion prevails that the dismissal is due to disappointment of the government at the failure of the police in the past three years to prevent, detect, and secure the punishment of crime. Crime, they say, has increased, and none is connected. Nobody has been punished for any of the outrages that have taken place, and the identity of their authors remain a mystery. So the government dismisses the head of the machine which has failed.

### START CAMPAIGN FOR 30,000 NURSES

NEW YORK—A campaign to recruit 30,000 young women in training schools for nurses and a prize of \$500 for the best three act play by an American author based upon incidents in the life of Florence Nightingale, will be among the features of the celebration commemorating the 109th anniversary of the birth of the woman whose work among the sick and wounded in the Crimea war laid the foundation for modern nursing.

Pageants, public meetings and formal ceremonies will be held on the anniversary date, May 12. It was announced here today by the Nightingale Centennial committee of the National Organization for Public Health Nursing. Nursing organizations, women's clubs and colleges will take part. The prize for the play, was offered by the Illinois Council for Nursing Education to stimulate interest in the nursing profession, in which there is a low rate of enlistment at present. Incidentally it is hoped to encourage aspiring playwrights in colleges. Manuscripts must be submitted before August 1.

There are far too few nurses in the United States to meet the needs of normal times, it was said at the headquarters of the National Organization for Public Health Nursing, and the shortage during the influenza epidemic has been acute. There are not more than 8,000 public health nurses in the country, whereas at least 50,000 are required by federal and state legislation either passed or pending.

## LESSONS CONVEYED BY BRITISH FLIERS

New Uniforms and Names Cause Embarrassment to Officers.

From the Manitoba Free Press.  
London—The Royal Air Force is just a little self conscious and not altogether happy over the new and grandiloquent titles bestowed upon its officers by an ungrateful air ministry a few weeks back. Lieutenants and second lieutenants, now styled "flying officers" and "pilot officers," have not much to grumble at, as the ranks might mean anything, but "Flight Lieutenant" Smith, ranking as an army captain, is condemned to being mistaken for an ordinary lieutenant, and "Squadron Leader" Jones, ranking as a major, has a real grouse, for in the cavalry a "squadron leader" is usually a lieutenant.

Even the higher ranks are embarrassed, for while a lieutenant colonel can worry along as a "wing commander," the new "Group Captain" Brown groans when he thinks how he was once called colonel. The brigadier general, who has to exchange his sword and baton for some, as yet, unfixed insignia to match the rank of "air commodore," says: "I might be in charge of some beastly barge."

Air vice-marshal, air marshal and air chief marshal, for major generals, lieutenant generals and generals, respectively, are awful mouthfuls, and the giddy heights of "marshal of the air," corresponding with field marshal and admiral of the fleet, are beyond the reach of ordinary aviators.

The air ministry announced, in publishing the changes of rank, that it was due to a desire to "emphasize the independence and integrity of the Royal Air Force as a separate service among the fighting forces of the crown," but the general opinion, in service and civilian circles alike, is that officialdom has badly bungled a question in which there was a scope for originality and ingenuity. The same hide-bound officialdom has already bungled the question of uniforms for the Royal Air Force.

The flying fighters hadn't worried much about the subject of uniforms. Any old overalls were good enough for bombing "Jerry," and leather, rubber or furs if it was cold. If you were in the military wing, you could wear khaki; if the navy wing, navy blue. But "Notoverlife," said officialdom. A special group of "war workers" got busy on a pretty new dark blue uniform. "Not for mine," said the military fliers, inspecting it.

So they tried a greeny brown material with naval rank badges. "Nunno. Blue for the navy," said the nautical fliers. Then the experts devised a nerve jarring "sky blue" with naval badges and military ranks. Army and navy alike groaned, but made no more suggestions. Having bought two new kinds of uniform, and being

saddled with a third, they said no more in case worse befell.

## A WRECK FROM A HAREM

Poor Armenian Girl, Memory Gone, Stands at Damascus Gate—Victim of Turkish Barbarity Hopes to Meet Friends or Relatives as Refugees Pass By—Clings to Old White Dress.

From N. Y. Evening Post.

"During several hours of each day, week in and week out, no matter what the weather, a young Armenian girl in an old worn jacket stands at the gate of Damascus, and searches the faces of the passersby with sorrowful, bewildered eyes. She never speaks and seldom moves as she keeps her daily vigil. If someone pauses to speak to her hope kindles for a moment in her eyes, and dies away again when she finds that it is only for a casual meeting. Wornness is stamped on her face a night approaches, but she is never too tired to remain until twilight at the Damascus gate. She has become a familiar figure of tragedy in that ancient city of tragedy, where many have come to know her story," says a letter received at the headquarters of Near East Relief, 1 Madison avenue.

"The townspeople call her 'Andan,' which is Armenian for 'unknown,' as do also the other girls at the Near East Relief orphanage, where she lives. What her name is no one knows, not even she herself.

**Victim of Aphasia.**  
The shock of her deportation and of the terrible experience that followed it in a Turkish harem have caused her to lose her memory. She was brought to the Near East Relief orphanage with scores of other girls released from captivity, a victim of aphasia. She spoke the Armenian tongue, but she could not tell her name, or where her home had been, or whether her parents were living. "For most of the other girls the old life was gone as completely as if it had never been. Their homes were destroyed, their relatives killed, nothing remained to them but memories. Her only memory was the black horror of those years of deportation.

"One thing only seemed to be a link with her former life. That was an old white dress, badly worn, which she had brought with her, not the garment she had worn in the harem, but perhaps the one she had been wearing at her home when the Turks seized her. Of all her former life that old white dress was the one thing she remembered. Sometimes when she looked at it faint echoes of the forgotten past seemed to come to her, and her eyes would light up as she mentioned some irrelevant detail of former days.

**Hopes to See Friends.**  
"At the orphanage she wears a neat blue and white gingham, like the other girls. But she always puts on the old white dress before she creeps away to the Damascus gate to gaze at the crowds with troubled eyes. It is her hope that perhaps some member of her family or some of her former neighbors returning from deportation may see her there, and that she will be no longer unknown.

"A patient little figure of sorrow, she stands there waiting. When the crowd thins will know me by my dress, even if they do not look at my face," she says."

Among the Murrayville representatives in Jacksonville yesterday were Mrs. Charles A. Rousey, Mrs. Harry Cade, Mrs. Albert Tays, Russell Jones, Forest Coey, Mr. and Mrs. James Lenergan, Grover Whitlock and Miss Georgia Mawson.

## WILL JOIN IN BETTERING ROADWAY.

County Clerk G. L. Riggs, Commissioners Wheeler and Wyatt and LeRoy Craig meet Macoupin county highway officials for a conference at Nortonville Friday. There is a stretch of road on the P. & J. trail which has been in bad condition. It is on the county line south of Nortonville and by agreement the cost of the work done on the road will be divided between the two counties.

While in Nortonville the visitors were dinner guests at the home of Clarence Dalton and were entertained in a very generous way.

## MISS MOORE TO STUDY WITH STECKELBERG.

Miss Clara Catherine Moore left Friday for Lincoln, Neb., where she will spend several weeks coaching with Carl Steckelberg in the Nebraska University School of Music. She will also study Mr. Steckelberg's methods of teaching violin in classes, which have won him a national reputation. Miss Moore introduced class work in her department at the Woman's college last fall, and will feature it again during the coming school year.

Irvin Patterson, from north-west of the city was a business caller in Jacksonville Saturday.

## Deaths

Connell  
Dr. J. B. Connell, brief mention of whose death was made in Saturday's issue of the Journal, was born in this city 64 years ago.

He received his early education in this city and graduated from Illinois college. After graduation he studied law at the University of Michigan. Later he attended medical college in Kansas City and graduated and took up the practice of medicine.

For many years Dr. Connell practiced his profession in Kansas City. Some years ago he was forced to give up active practice because of failing health.

He is survived by his widow, who was Miss Carrie McVey of Waverly, and one daughter, Mrs. H. T. Lauderback, of East Orange, N. J., and one son, Richard M. Connell, of Rio de Janeiro.

Funeral services will be held from the residence of John L. Johnson, 225 Lockwood Place, at 3 o'clock this afternoon in charge of the Rev. W. H. Marbach, pastor of State Street Presbyterian church. Burial will be in Diamond Grove cemetery.

John Vasey from the Point neighborhood, was added to the list of Jacksonville callers yesterday.

## HOME MADE RECIPE CATARRH AND COLDS

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Acetone and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## WAS NERVOUS AND RUN DOWN RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

"Seven a day for seven days—Wonderful results."

**NEED IS PRESSING IN FOREIGN FIELDS**  
Lake Geneva, Wis., June 18.—The pressing need for missionary and relief workers in the foreign fields of both the near and far east was presented to the 800 university Y. M. C. A. delegates of the mid-west at the Lake Geneva conference. Dr. A. L. Shelton, stationed in frontier China, and Dr. Cyril Haas, who has been working among the oppressed Armenians, brought first hand information on conditions abroad with cold-fact recitals of their own experiences and observations.

Both Dr. Shelton and Dr. Haas are physicians working under the direction of the Y. M. C. A. in foreign lands. Both speakers stressed the necessity for American methods of medical and surgical treatment among the people of the backward Orient. Particular emphasis was laid by Dr. Haas upon the sufferings of the Armenians at the hands of the Turks, and the gratitude of those persecuted people toward their American friends.

Babe Ruth Injured When Hit by Thrown Ball—Score of Contest 6 to 5—Other Results in American League.

**Chicago, June 19.**—Chicago defeated New York for the first time this season by winning the final game of the series here today, 6 to 5, in ten innings. New York also lost the services of Babe Ruth, the home-run king, who was hit by a thrown ball, and Pitcher Mogridge, who turned his ankle in the tenth inning.

Ruth was hit on the right side of the head. After five minutes he regained his feet and refused to leave the game. Later, he became dizzy and allowed Pelch's fly to drop safely for two bases. Manager Huggins then took him out. After the game it was said that he was not seriously hurt.

## REPORT ON MASSACRE IN INDIA LAST YEAR

Firing by Soldiers Commanded by British Officers Upon Unarmed Natives Led to Massacre of 1,000 Indians in 1919, Says Report.

New York.—Firing by soldiers commanded by British army officers upon a crowd of unarmed natives of India who were seeking to present to a British deputy commissioner a petition for the release of two of their leaders led a few days later to the massacre of 1,000 Indians trapped in a great square at Amritsar, in the Punjab district of India in the spring of 1919, says a report now made public by native investigators. The report was prepared by the Punjab sub-committee of the Indian National Congress. In its preparation more than 1,700 witnesses were examined and depositions taken from survivors and relatives of the dead.

Dissatisfaction among the natives first became apparent with the passage of the Rowlatt Bills, designed to punish sedition.

All over the country resolutions were passed by huge mass meetings protesting against the law and demanding its repeal.

The trouble between natives and officials, the report states, began in earnest on the night of April 9, when two influential natives, Drs. Kitchlew and Satyapal, were arrested and their friends heard they were to be deported.

**Asked Release of Loved Ones.** "The news spread through Amritsar like lightning," the report continues. "A crowd immediately gathered together. It was a crowd of mourners, bareheaded, many unshod and all without sticks. It was on the way to the Deputy Commissioner's bungalow to plead for the release of its loved ones."

"It marched through the principal streets of Amritsar, passed the National Bank, the Town Hall and the Christian Mission hall, the very building which, within a short time, were to be destroyed by some of them. Its progress was stopped, however, at the railway overbridge which was guarded by a military picket. The men demanded passage and said that they wanted to go to the Deputy Commissioner's bungalow to make a 'farvad'—a prayer."

"They pushed forward and the picket fell back a little. They advanced and the military fired, killing and wounding some of them. The crowd fell back."

"It was no longer a peaceful crowd. It was a crowd foiled in its efforts to secure the release of its leaders and exasperated at the killing and wounding of some of its members. The sight of the dead bodies and the wounded inflamed the citizens who saw them and who gathered again near the bridge, this time carrying sticks and pieces of wood."

**Many Natives Met Death.** The report continues with a description of the fight between natives and soldiery, during which many of the former were killed and the survivors inflamed to such a pitch of fury that they returned into the city and applied the torch to several principal buildings. It says:

"The authorities omitted all the usual parleys with the natives and other intermediaries resorted to in civilized countries. There was no parleying, no humoring and no use of milder force."

One eye witness told later of the scene at the bridge: "Salara and I shouted to the Deputy Commissioner and the officers to get back and not fire, as we still hoped to take the crowd back. A few in the crowd threw wood and stones at the soldiers, who at once opened with a volley without warning. Bullets whistled to my right and left. After the first few shots the crowd rushed back but the firing was continued. Many of them were hit in the back. The crowd dispersed leaving 75 or 80 killed and wounded."

**It should be remembered,** the report goes on, "that the mob had not as yet committed excesses. There was therefore no occasion for impatience, indifference or callousness, which, according to this witness, was evidently exhibited."

**Destruction Not Justified.** "While, therefore, we deplore the deportation order and the firing and consider both as unjustifiable and the absence of any ambulance arrangement as inhuman, nothing can be held to justify the wanton destruction by the

mob of the innocent lives and properties.

"The first thing General Dyer did was to make arrests. He entered the city and made about 12 arrests without any molestation or resistance whatever."

One witness told the investigators that the city's water and electric light supplies were cut off for three or four days as a punishment.

The occurrence which directly led to the subsequent wholesale massacres in the Jallianwala Bagh, the report asserts, was a proclamation issued about this time by General Dyer forbidding the natives to assemble publicly.

"The public meeting in the Jallianwala Bagh," the report states, "was called before the proclamation had reached more than half the population. Shortly before the arrival of General Dyer on the scene with 90 soldiers and two armored cars, Hans Raj, had taken charge of the meeting, the audience numbering about 20,000."

"The bagh is an irregular quadrangle, indifferently walled, and, in most cases, with the back walls of houses surrounding it enclosing the quadrangle. There are three trees, a dilapidated tomb with a dome and a well. The ground at the entrance is an elevation, remarkably fit for posting soldiers and firing upon a crowd in front. The main entrance is a narrow passage through which, if properly armored cars could not pass. There are no other regular entrances but at four or five points it was possible to get out through narrow openings. The audience included many boys and children and some men had come with infants in their arms."

**Described What Happened.** "General Dyer deployed 25 soldiers to the right and 25 to the left on the high ground on the north side of the rectangular space." What happened afterward is given as by the Indian investigators in General Dyer's own words recorded during his testimony at the subsequent inquiry: "When you got to the bagh what did you do?" General Dyer was asked:

"I opened fire. Immediately I had thought about the matter and don't imagine it took me more than 30 seconds to make up my mind as to what my duty was," he replied.

"They were holding a meeting. There was a man in the center of the place on something raised. His arms were moving about. He was evidently addressing."

"Did it not occur to you that it was a proper measure to ask the crowd to disperse before you took the step of actually firing?"

"No, at that time I did not. I merely felt that my orders had not been obeyed, that martial law was flouted, at that it was my duty to fire immediately by rifle."

"Before you dispersed the crowd had the crowd taken any action at all?"

"No, sir, they had run away, a few of them. When I began to fire the big mob in the center began to run almost to the right."

"In firing, was it your object to disperse?"

"No sir, I was going to fire until they dispersed."

"Did you continue firing after they had started to disperse?"

"Yes."

"After the crowd indicated that it was going to disperse, why did you not stop?"

**No Provision for Wounded.** "I thought it was my duty to go on until they had dispersed. If I fired a little, I should be wrong in firing at all."

Continuing their report, the investigators added: "He, General Dyer, said he continued firing for about 10 minutes, until he had expended 1,650 rounds of ammunition. He said he had made no provision for aiding or removing the wounded. That was a medical question, he declared."

"One eye witness said: 'I saw hundreds of persons killed on the spot. The worst part of the whole thing was that firing was directed toward the gates through which the people were trying to run out. Many got trampled under the feet of the rushing crowds and thus lost their lives. There were heaps of bodies at different places. I think there must have been over 1,000.'"

The next day was devoted by the people to disposing of their dead after the laconic proclamation had been issued.

"The inhabitants may burn or bury their dead as soon as they please. There must be no demonstration of any kind."

Many pages of the report are devoted to various kinds of punishments inflicted on the natives by the authorities under the martial law. These included flogging, making the people crawl through certain streets, imprisonment without trial or even accusation and other punitive measures.

## See This Machine at Work

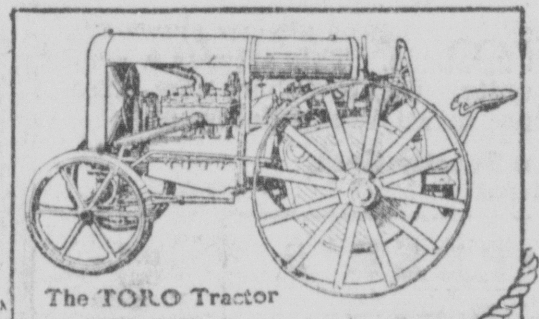

We will take pleasure in taking you out to see the greatest invention ever placed before the American farmer, if you will give us the opportunity. Our success is assured by making it possible for our farmer friends to succeed.

To succeed you must be in position to tend your crop right at the minimum expense, both as regards time and labor cost. One machine will accomplish more and better work than can be done with four horses and two men. Yes, by continued operation and change of men, you will do more work in corn plowing, harrowing and rolling than it is possible to do with eight horses.

You cannot tell just what you may gain by doing the work at hand NOW. Corn plowing, wheat cutting and haying may be here all at once. Then the farmer with the TORO MOTOR CULTIVATOR will be so far advanced with his work that nothing will worry him.

Why be fooled by buying a machine that only gives you 50 per cent motorization. Be a member of the 100 per cent Success Club. Buy a TORO and you will be both happy and successful.

### FOOT COMFORT DISPLAY

This week is being devoted throughout the continent by more than 30,000 shoe dealers to foot comfort as brought about by Dr. Scholl's appliances and remedies.

Yesterday the magnetic window display at Hopper's shoe store attracted hundreds of people, many of whom learned for the first time that there is a foot appliance and remedy for every foot trouble.

The display was arranged by J. B. Read, manager of the foot relief department of Hopper's shoe store. Mr. Read has made an extensive study of the human foot and the scientific correction of foot troubles and has been correcting the foot ailments of that store's patrons for some time, his success is attested by a legion of grateful customers whom he has relieved. He has become an expert at diagnosing the cause of foot ailments and fitting Dr. Scholl's appliances for relief.

Mr. Read will leave July 5 for Chicago, where he will take up a further study of Practicist under the direction of Dr. William M. Scholl, the recognized authority on foot troubles.

MR. HOBLITT TO MANAGE VANDALIA PENITENTIARY.

The appointment has been announced of Charles Hoblitt as warden of the new penitentiary which is to be built at Vandalia.

In connection with this institution the state will operate a thousand acres of land and it was because of his successful work as superintendent of the farm and garden department of the state institutions here that Mr. Hoblitt was chosen for the position.

The work on the building has not yet been commenced but there will be plenty for him to do in putting the big farm into running shape. A carload of livestock has already been sent to the farm from one of the state institutions here. The shipment was accompanied by Fred Thies.

A few months ago Mr. and Mrs. Hoblitt moved from Jacksonville to Springfield and they will be residents there until quarters are established for them at Vandalia.

Music at Peacock Inn Sunday evening.

## LUKEMAN BROS. HAVE SOLD ALL STOCKS

Clothing Store Closed Saturday Night After Proprietors Disposed of Remaining Lines to St. Louis Firm.

Announcement was made Saturday night that Lukeman Bros. have closed out their entire stock of clothing and men's furnishing goods and will retire from business. Ten days ago Messrs. Lukeman announced a closing out sale which attracted wonderful patronage from day to day and the big stock was rapidly reduced. Yesterday the firm sold all remaining lines to a St. Louis jobbing house.

J. C. and George Lukeman started in business ten years ago, establishing a store in the Hook building on the west side of the square. Their business grew from year to year and was managed in a very successful way. In the course of the past few months Messrs. Lukeman decided it was an advantageous time to close out their business and the public sale and that of yesterday resulted.

The retiring merchants have not yet made known their plans but they will not doubt again take part in the city's business life. They are both classed as progressive, successful business men and their friends will be glad to know that they will continue to be permanent residents of this city.

In making announcement of the sale last night Messrs. Lukeman expressed their appreciation of the generous treatment accorded them thru the years by the people of Jacksonville and Morgan county.

MRS. ALEX PLATT PRESENTS TABLET TO MEMORIAL HALL.

Mrs. Alex Platt has just announced the gift of a tablet in memory of her grandmother, Mrs. Sarah White Stacy to be erected in the Governor Duncan Memorial home.

The gift was secured by Mrs. Charles Ehnie who is a member of the tablet committee of the Rev. James Caldwell Chapter, Daughters of the American Revolution. Though not a member of the chapter, Mrs. Platt has shown a great interest in the memorial feature of the home, and this is the second tablet she has given as well as helping to secure four other tablets. Mrs. Sarah White Stacy was the wife of Matthew Stacy and they came to Jacksonville in 1827. The Stacys were intimate friends of the Duncans. A tablet to the memory of Matthew Stacy has already been given.

Thomas P. Stacy and his wife, Ann Jane Watts Stacy have also given two tablets thru Mrs. Ehnie by the children, who are as follows: Mrs. Walrus C. Bealmer, Mrs. John B. Allen, T. Edwin Stacy and Miss Sallie M. Stacy. Thomas P. Stacy was the son of Matthew and Sarah W. Stacy.

This is a beautiful way to perpetuate the memory of the men and women who made Morgan county and people are beginning to realize it more and more, and other tablets are coming in each week to the members of the tablet committee.

Matrimonial

Kell-Gerry

Walter Frederick Kell of Chicago and Miss Iva Beatrice Gerry of Waukegan were united in marriage at 9 o'clock Saturday evening by the Rev. W. E. Collins, pastor of Congregational church, at his home, 202 South Kosciusko street.

The bride is a former parishioner of Mr. Collins in Waukegan and was organist for the church during his pastorate there. She is chief clerk for the Chicago Telephone company at the Waukegan office.

The groom is one of the managers of the Apex Washing Machine company of Chicago.

Mr. and Mrs. Kell will spend today in the city and will go to Springfield this evening and thence to Chicago, where they will reside.

Coultas-Violet

On Thursday afternoon at 5 o'clock occurred the marriage of Miss Florence Mabel Violet, daughter of Lee Violet, of Winchester, Ill., to Bert R. Coultas, son of Mr. and Mrs. Charles H. Coultas, of Riggs, Ill. The ceremony was performed by Rev. W. R. Johnson at his home on Prospect street at Jacksonville, Ill. They were attended by Mr. and Mrs. Raymond Smith of Concord.

The bride was a graduate of the Winchester high school in the class of 1913. For the past six years she has held a position in the sheriff's office of Scott county. The groom is a progressive farmer, living near Riggs. They will be at home to their friends after June 30, at 96 North Commercial street, Winchester, Ill.

KENT RIGGS HAD NARROW ESCAPE.

Kent Riggs, little son of County Clerk Riggs, is recovering from an accident which happened Friday afternoon. The lad was out with his friends when he fell over the iron railing into the area way. The distance is about nine feet and he struck a projecting piece of concrete and was unconscious. He was taken into the courier office where Dr. King attended him and examination showed that no bones were broken. The boy remembers very little about the accident and it was fortunate indeed that his injuries were no worse than bruises.

GOING TO IDAHO.

Jacksonville friends of William Eldred of Geneseo, Kan., will be interested in knowing that he will spend the summer in the far west. Mr. Eldred is to leave early this week for Nampa, Idaho.

## MISS BARRETTE HOME FROM LIBRARY SCHOOL

Receives Certificate From Western Reserve University Library School—Was Awarded Prize—Resume Work at Library.

Miss Lydia M. Barrette returned to Jacksonville Friday evening from Cleveland, where she has been attending the Library school of Western Reserve university and from which she graduated in a class of sixteen last Thursday.

Miss Barrette had already received a Bachelor of Arts degree and had done considerable work in the universities of Wisconsin and Iowa, thus materially reducing the time necessary to complete the work at the library school.

She won the prize offered for the best bibliography, by compiling one of Ireland from the twelfth century to the present. This bibliography will be placed on file in the Jacksonville Public library and will prove of value to students of Irish history.

The Library school of Western Reserve university is one of the best in the country. For it has the advantage of the Cleveland Public library, which is doing a great work along the lines of civic betterment and is in close touch with the community life.

Miss Barrette is back again in the library and will order a number of new books in the near future.

WHITE HALL

White Hall, June 19.—The citizens of White Hall generally are rallying around Philip R. Dunn in a movement to make him state senator, and by so doing bring White Hall political consideration that White Hall's course for fifty-four years has deprived the community of adequate political recognition, in almost two generations. Not since the days of the late Judge L. E. Worcester has White Hall been favored with a member of the legislature, and the time has come when the community seems to be determined to claim some political glory for itself instead of eternally passing it along to some other fellow. This consummation is made possible by urging upon Philip R. Dunn to continue in the race for the Democratic nomination for state senator. Dunn has prepared a statement to show why the nomination should come to Green county at this time and especially White Hall. Greene county has not furnished a member of the state senate since 1904, and of the nine regular sessions of the general assembly since 1902 Macoupin county has been represented in eight, Macoupin in seven, Jersey in five and Greene in four, with none in the last two sessions, and yet Greene is the banner Democratic county in the district by a big majority. The home friends of Mr. Dunn knew his qualifications for the place and his integrity, and they are giving him solid support in his quest of the honor of becoming the next state senator from the 38th senatorial district.

Dunn is so thoroughly imbued with the spirit of the Democratic party that he sees nothing but Democratic victory ahead, and on this point he need not be quoted. However, he says this, concerning himself: "Most of my business life has been spent as a school teacher and in clerical work. I am admitted to practice law, but have never taken up the profession. During 1916 and 1917, I was deputy state fire marshal, the duties of which took me to all parts of the state. I have always been an active, consistent Democrat, and have never held an office. I am not a member of any religious organization. I have some merit as a public speaker. I favor a home rule for municipal utilities. I feel that I have the ability to properly look after the great agricultural and industrial interests of the people of this entire district. If nominated and elected, my entire time and services are at the disposal of the people of the district."

FORMER RESIDENT DIES IN CARLINVILLE.

Mrs. L. C. Murphy, at one time a resident of this county, died at Carlinville recently after a long illness. Mrs. Murphy was a daughter of Mr. and Mrs. John Ebey, early residents of the county, and the family home was for a long period at Champaign. As a child she spent a number of years at White Hall and then became a resident of Carlinville.

The deceased was united in marriage to Lawrence C. Murphy in 1873. Eight children were born to them, Harry, Richard, Mrs. D. G. Williamson, Mrs. L. L. Robbins, Misses Harriet, Imogene and Edith, the youngest daughter, died as a child.

The deceased became a member of the Free Methodist church in White Hall and continued faithful to the teachings of the church thru all the after years.

The funeral services were held Saturday morning at 10 o'clock at the residence, in charge of Rev. W. S. Phillips. Interment was in the cemetery at Litchfield.

ALEXANDER PEOPLE VISITED CITY SATURDAY.

Among Alexander representatives in the city yesterday were the following: Mrs. Stephen Riddler, Mr. and Mrs. J. B. Corrington and Miss Dovie Corrington, Mr. and Mrs. Porter Corrington, Mrs. John E. Erickson and daughter, Florence, and son, William, Mr. and Mrs. William Kumle and children, Mr. and Mrs. Samuel Wilcox and Mr. and Mrs. George Hall and daughter, Miss Rachel.

INDEES WILL HAVE  
HARD GAME TODAY

Will Meet Strong Myers Brothers Team of Springfield—Visitors Have Several Men Who Have Shown Here Before.

Fans are assured of a good game at South Side park this afternoon when the Indies clash with the Myers Brothers team of Springfield. The visitors this year have one of the strongest lineups in the capital city and are coming with the intention of taking home the bacon.

There are several familiar faces on the Myers Brothers team. Refler, who catches, was for several years at Illinois college and is a nifty ball player. Elliott, Feeney and Jansen also have been seen here, while the two Fords, Griffin and McCue are known as first-class men.

During the past week the home plate had been moved back about thirty feet and is now much nearer the stands. This will be welcome news to the fans, as they like to be close to the game. The road leading to the park has been closed and will be in good shape to prevent dust from bothering the spectators.

Manager Smith is endeavoring to give local patrons the best baseball possible and they should be satisfied with today's game. He has also booked the Paris Cleaners, one of the strong teams of the capital city, for a series of

three games, beginning a week from today.

The game this afternoon will start promptly at 3 o'clock. Walter Ely will handle the indicator. He has given excellent satisfaction and keeps the game moving all the time. The teams will lineup as follows:

Indies—Ruble, 2b.; Christopher, 1b.; Briggs, ss.; Fanning, 3b.; Grady, c.; DeFrates, rf.; Simms, 1b.; Riggs, cf.; Hamu, Patrick Henderson or Padgett, p. Springfield—Wilkin, cf.; Griffin, 2b.; McCue, 1b.; H. Ford, rf.; DeFrates, 3b.; Conroy, ss.; T. Ford, rf.; Reifler, c.; Feeney, Jansen, Elliott, p.

## MAVERICKS

Babe Ruth must be causing lots of American League pitchers to have night mare these days.

There is a great deal of discussion in Chicago about what to do with \$100,000 worth of whiskey which is stored in the basement of the residence of the late G. F. Griffin. We would suggest they send it to Jacksonville. It is mighty dry here at the present time.

The Associated Press has a new man at Springfield whose name is Cribb. It is to be hoped that he won't live up to his name.

The American Federation of Labor wants Democratic operation of railroads. If that is as expensive as government operation we are "agin" it.

Perhaps Grover Cleveland Bergdoll is heading for San Francisco to attend the Democratic convention.

We would like to see both St. Louis baseball teams win pennants in their respective leagues. St. Louis fans have been very patient now for over thirty years waiting for pennant winner and they deserve all that fortune can throw their way.

Champ Clark made a speech down in Washington the other day defending the Wilson administration. One does not have to hark very far back to the time when Champ was far away from the administration policies that his constituents sent him a telegram asking him to resign. But then Champ is going to be a candidate for congress again this fall, which, perhaps, accounts for his change of heart.

The problem that will confront Senator Harding as president will not be much more perplexing than those which have confronted all newspaper publishers throughout the country the past few years.

It looks like there might be some one in the constitutional convention who is selling accounting supplies. The proposal of the state to audit all county, town and lots of school books means not only a big expense to the state for additional expert accountants but will also mean a lot of expense to towns, counties and school boards to purchase the new systems. It will mean big money for those who sell such supplies and as usual the public will foot the whole bill.

If the Turks join the Bolshevik forces it will be a case of birds of a feather flocking together.

The Elwell murder case will have to hurry to get out of the way of the Democratic convention says a New York paper.

A large fence is being built around the convention hall in San Francisco. Probably to keep the delegates from stampeding.

### CAR SHORTAGE GROWS ACUTE

(Railway Age.)  
"The situation with respect to the building of new freight cars," says the Railway Age, "is anything but satisfactory. There never was a time when the railways needed so much new equipment or needed it so acutely as they do now. The estimates of those who have made the most careful studies of the subject agree that in order to handle satisfactorily the traffic the country can offer the railways at the present time, the roads should have in service about a quarter of a million cars more than they have. In spite of the fact that this great shortage of cars exists, the number on order with the car manufacturing companies on June 1 has been ascertained to have been only 43,000, and most of the orders for these were placed in the immediately preceding weeks. This is less than one-half as many as are needed annually, but merely to replace those that must be scrapped. The number of orders became so small for a time that in the month of May the total number of cars built was only 2,700."  
"When it is considered that the car manufacturers of this country have a capacity of about 27,000 cars a month, or 324,000 a year, and that they actually have built 240,000 cars for the railways of the United States in a single year, the significance of the figures given regarding the small number recently built and the small number now on order becomes apparent. If the railways get a prompt and favorable decision in the rate advance case there undoubtedly will be a large increase of orders within a short time, but it is too late now for many cars ordered in the future to be delivered in the year 1920. The delays in ordering cars have been largely due to the delay in returning the railways to private operation. This, of course, rendered it impracticable for the Interstate Commerce Commission to make advances in rates under the new law early in the year, and as long as the rate question is unsettled it is financially impossible for most roads to commit themselves to large expenditures for equipment or anything else. The sooner the commission renders its decision and the more favorable it is to the railways, the sooner the railways will become able to begin placing orders that will tend to make up the great shortage of transportation facilities. At present this shortage of facilities is rapidly growing greater every day."

THE MOST BEAUTIFUL CAR IN AMERICA

THE automobile is doing much of the nation's work—and doing it better than any other form of transportation.

It brings men to their offices pleasantly and quickly. It enables them to keep appointments on the minute. It increases their efficiency—multiplies their

usefulness and makes them broader, bigger, healthier citizens.

Business nowadays is traveling in high gear. Much of it is travelling in a smart, five-passenger PAIGE Glenbrook. Why not join the wide-awake, aggressive procession?

Clarence E. Cunningham of Murrayville and Miss Helen McGhee united in marriage at Bride's Home—Will Reside in Montana.

The wedding of Miss Helen McGhee and Mr. Clarence E. Cunningham was solemnized at the bride's home in Chestnut, Ill., at high noon on Friday, June 18, 1920.

The bride is the oldest daughter of Rev. and Mrs. W. H. McGhee, and is the granddaughter of Mrs. M. E. Layton of this city. She was graduated from I. W. C. in 1916, having the honor of being May queen in her junior year and student president during her senior year. For the past two years she has been principal of the high school at American Falls, Idaho.

The groom is the son of Mr. and Mrs. J. K. Cunningham of Murrayville, Ill. He was educated in the Murrayville public schools and attended Illinois college and Illinois Wesleyan at Bloomington, Ill. He was in service eighteen months during the great war.

Rev. W. H. McGhee, father of the bride, officiated at the ceremony, which was the impressive ring service. Miss Dorothy DeMary, a cousin of the bride, sang two short songs, "Until," and "The Wedding Song." Miss Mary McGhee, sister of the bride, played Mendelssohn's wedding march.

The bride wore a dress of white satin, with trimming of old lace, and a veil of old lace, the cap being caught up with clusters of orange blossoms, and she carried a bride's bouquet of white roses and sweet peas, tied with white tulle ribbon.

After the ceremony a three-course luncheon was served to about twenty-five guests.

Those present were: Rev. and Mrs. W. H. McGhee, father and mother of the bride; Mrs. M. E. Layton of Jacksonville; Dr. and Mrs. A. R. Trapp of Springfield; Mrs. A. C. DeMary and daughter of Rupert, Idaho; Mr. J. K. Cunningham, Harold and Stella Cunningham, Marion and Barton Ira Panning, all of Murrayville; Mr. George Cunningham and daughters, Beth and Esther, of Woodson; Mr. George Simpkins and wife of near Jacksonville; Misses Irene Merrill and Edna Osborne, both of Jacksonville; Miss Kate Ellis of White Hall and Miss Lois Carpenter of Keokuk; Layton McGhee of St. Louis and John McGhee of Bloomington, brothers of the bride, and Miss Mary McGhee, sister of the bride, were all home for the wedding.

Mr. and Mrs. Cunningham left Friday afternoon for a short motor trip, after which they will live in Poplar, Mont., where Mr. Cunningham is cashier in the bank.

They have the best wishes and congratulations of their many friends.

SWISS INTERESTS TAKE OVER DYE INDUSTRY  
Cincinnati, O., June 19.—Swiss interests will take possession of the extensive dye works of the Ault & Wiborg company here July 1.

One of his stipulations in the transaction, L. A. Ault, president of the company, announces, was that "not one mill of German money, directly or indirectly," would be used at any time.

The Cincinnati concern entered the dye-making field after the war was on and became one of the factors in American development of this industry.

## STATUS OF TURKISH WOMEN IS CHANGED

They Are No Longer the Shy Veiled Creatures Never Seen by Foreign Men—War Did Much to Break Down Barrier Between Turkish Men and Women.

Constantinople, June 19.—Turkish women are no longer the shy, veiled creatures who passed their time in the seclusion of the harem and were never seen by foreign men. They still cling to the veil. But the streets of Constantinople and other larger Turkish cities are filled with women who have their veils thrown back from their faces. They are highly ornamental and becoming. Most Turkish women don't want to abandon them in favor of hats. But there are many sorts of veils and the smart, black silk veils which some of the women wear are very fetching when draped artistically over their hair.

In the railway and street cars there are special seats for women but the filmy curtains which are supposed to screen them from the gaze of men are usually drawn back and it is not uncommon to see men standing in the compartments for women. Only very old men however, are rash enough to sit down in the same seat with a Turkish woman. Turkish women seldom go to a theater where there are men. Special matinees and evening performances are arranged for women only.

Barriers Broken Down  
The war has done much to break down the barrier between Turkish men and women. The women were needed so badly as nurses and relief workers that the government had to avail itself of their services. And now it is regarded as quite proper for men and women to be associated in all sorts of charitable and educational works. Consequently many women who were formerly forced to content themselves with seclusion in a home where fancy work and French novels were the only diversions are devoting their time to hospitals, orphanages and other philanthropic institutions.

Women who have been educated abroad or in the foreign schools in Turkey are the leaders in this movement for greater broad experience in the war work has interested many women in politics and they have openly played a great part in the nationalist government. In the Constantinople American Woman's college the Turkish girls take great interest in basketball and other athletic games, and the effect upon women who have come under foreign influence is making the old life of seclusion and inactivity unattractive to younger Turkish women.

## Cole Aero-EIGHT

BALANCED TO ZERO

What vests the Aero-EIGHT with its unusual range of performance and enables it to operate with uniform efficiency and economy throughout its entire speed scope?

Those who have experienced the thrill of traveling in the air realize instantly why the Aero-EIGHT is so versatile.

Its working parts are synchronized. It never labors, never strains. Its operation is smooth, silent, vibrationless. For the Aero-EIGHT is balanced to zero.

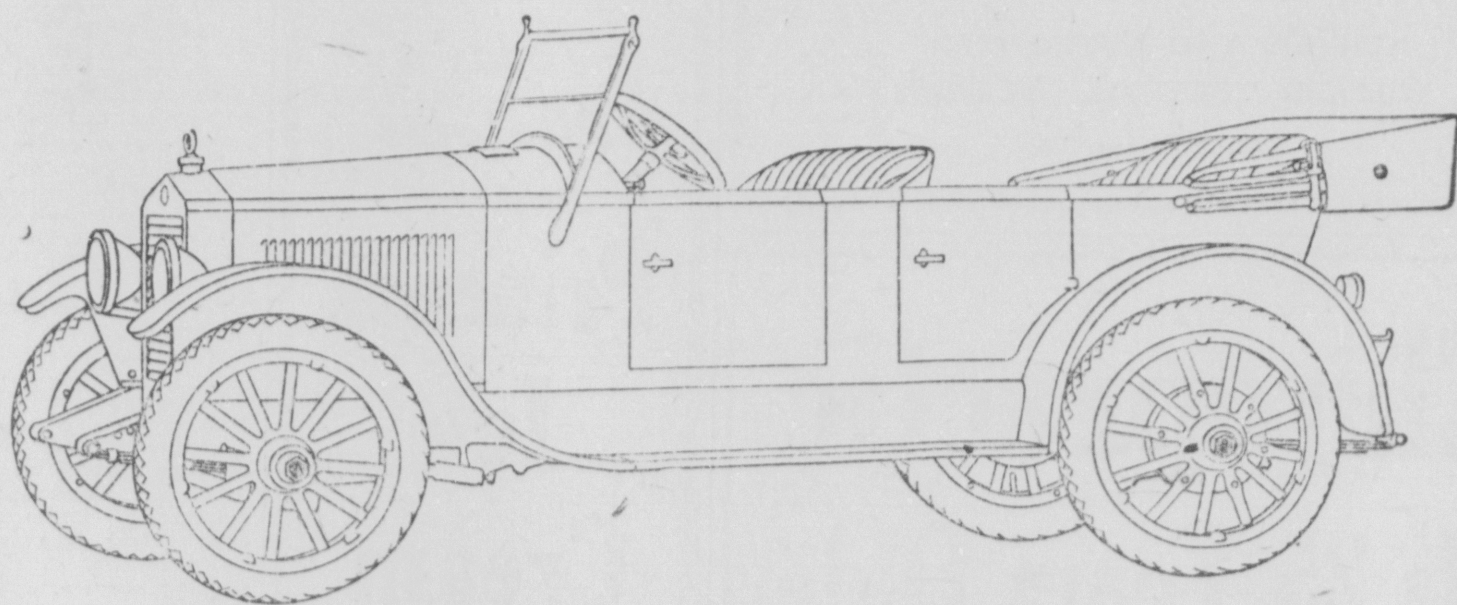

The sensation of speed is cut in half. Traveling at 60 miles an hour seems like 30; 40 like 20 and at less it moves so evenly and quietly that one is hardly cognizant of its motion at all.

There's a peculiar fascination about the manner in which the Aero-EIGHT performs which is attributable to its peculiar balance.

COLE MOTOR CAR COMPANY, INDIANAPOLIS, U.S.A.

THERE'S A TOUCH OF TOMORROW IN ALL COLE DOES TODAY

## Essex Reveals True Economy

Not Limited to But One Advantage

The question of motor car economy is not limited to gasoline mileage.

It includes oil, tires and particularly repair costs.

The Essex consumes no more gasoline than other cars of similar capacity. And it is a common remark of all owners that it requires hardly any oil.

As for its tire economy, many reports are so remarkable that we repeat them only with the explanation that they are exceptional rather than average. One owner has a record of 29,600 miles on one set of tires that appear good for several thousand more miles of use.

The repair requirements are so slight that it has given Essex a distinctive position among all cars.

## No Sugar

Required for Jiffy-Jell Desserts

They come ready-sweetened.

They come acidulated with pure fruit acid, made from lemons or from grapes.

A bottle of liquid fruit flavor comes in each package. We crush the fruit, condense the juice and seal it in a bottle. So Jiffy-Jell is a real-fruit dainty, rich in fruit.

Simply add boiling water as directed on package, then the fruit essence from the bottle, and let cool.

If you used fresh fruit, plus a lot of sugar, you could make nothing more delicious.

Serves six—at trifling cost

One package of Jiffy-Jell serves six in mold form, or twelve if you whip the jelly. And the fruit alone which we use in it would cost you more than the whole dessert.

## Jiffy-Jell

Réal-Fruit Desserts

Ten Flavors in Glass Vials

A bottle like this in each package

Flat Line Cherry  
Raspberry Loganberry  
Strawberry Pineapple  
Orange Lemon Coffee

Be sure to get this package from your grocer, for Jiffy-Jell is the only dessert with these liquid fruit flavors in vials.

FORMER TEACHER IN  
WAVERLY SCHOOL WEDS

Miss Edith Gwynn Becomes Bride of Otto Schenk in Urbana — Miss Ruth Dunseth Returns From Monmouth—Other News.

Waverly, June 19.—Word has been received of the marriage of Miss Edith Gwynn to Otto C. Schenk, which occurred in Urbana recently. Miss Gwynn was formerly domestic science teacher in the Waverly high school. The young people will reside in St. Louis and will have the best wishes of their many friends.

Mrs. C. O. Freeman and little daughter, Helen, of Champaign are visiting at the home of her parents, Mr. and Mrs. J. M. Duncan. They expect to leave in about two weeks for their new home in Ft. Wayne, Ind.

Dr. and Mrs. W. J. Hughes and son, Alfred, went to Gibson City to attend the wedding of Miss Elizabeth Shaver and John Hansen. Alfred was enroute to Chicago, where he will enter the Chicago Musical College to take a six weeks' course.

Miss Helen Wyle has accepted a position in the circuit clerk's office at Jacksonville.

Miss Ruth Dunseth has returned from a visit with friends at Monmouth.

Mrs. J. J. Cody and son, Wayne, are visiting relatives at Versailles. Mrs. W. W. Mathis returned to her home at Murphysboro after a visit at the home of her mother, Mrs. Anna Cline.

Mr. and Mrs. Herman Voight of Ottumwa, Ia., are visiting at the home of Mrs. Voight's mother, Mrs. Sophronia Evans.

Mrs. Estella Boehme and daughter of Fayette, Mo., are visiting at the home of Mrs. Nannie Scott.

Mr. and Mrs. J. R. Colbert have gone to Urbana for a visit at the home of Mrs. Colbert's parents, Mr. and Mrs. John Reichart.

## NEGRO NOMINEE FOR GOVERNOR OF ARKANSAS

Forrest City, Ark., June 19.—J. H. Blount, who is the first negro to be nominated for governor of Arkansas, received his nomination at the hands of a faction of the Republican party in this state.

Blount is about 60 years old, and has made his home in this city for the past forty-seven years.

The nominee was born in Jones county, Ga., received his elementary training in the schools of Atlanta and higher education in Nashville and Chicago. He is at present principal of the negro schools of Helena and has been connected with schools in several Arkansas towns, including Hot Springs, Texarkana and Forrest City.

Blount is said to be in independent financial circumstances, owning over six hundred acres of farm land and teaches merely for the love of the work. He is active in many fraternal orders.

This is the first time Blount has ever been a candidate for political office but he has attended Republican national conventions since 1884. At one state convention he was elected an alternate delegate at large, defeating the late Logan H. Root for that honor.

The candidate is persistent in his pleadings with members of his race to be thrifty, industrious and clean. He declares every negro in Arkansas who farms for five years can own his own land.

## HARVEST HAND IS AHEAD OF THE TIMES

Oklahoma City, Okla., June 19.—The 1920 harvest hand is abreast of the times. He is not catching the rattlers, riding the rods or hitting the blind to the harvest, but is riding the cushions and making use of sleeping cars in his trip to the wheat fields of the southwest, according to Claude Conally, labor commissioner of Oklahoma.

In former years the state labor department was smothered with letters from harvest hands, even before the opening of the cutting season. But the letter is too slow for the 1920 harvester, the state labor commissioner says, and he is sending telegrams this year.

James Sanders of Concord made a trip to the county seat yesterday.

## SAYS IT BROUGHT THEM HAPPINESS

Peoria Couple Were in Wretched Health Until They Tried Tanlac.

"Tanlac has brought happiness not only to my wife but also to myself, for since taking it we are both enjoying better health than we have for many years," was the statement made a few days ago by A. U. Roth, a popular clerk for the board of trade, living in R. F. D. No. 7, Peoria, Ill.

"I had been suffering for three years and my health had gotten so bad I thought I would have to give up my work. My stomach was so upset that even the lightest kind of food soured on my stomach and caused a bitter taste in my mouth for hours. Gas formed around my heart until I thought I was smothering and often I had such bad spells with my heart I had to leave the office and go home. These attacks were always followed by severe headaches and dizzy spells. My nerves were so on edge that the ringing of the telephone on my desk would nearly drive me frantic.

"One day I read a statement about Tanlac from a person who described my case as well or even better than I could myself. That same day I began taking it. I improved rapidly and now I am in the very best of health and have gained fifteen pounds. Everything I eat digests perfectly and my heart never troubles me in the least. The nervousness and dizziness have gone entirely and I don't have headaches any more. My work is now a pleasure because I am feeling as well and strong as ever.

"My wife had been in bad health for five years, suffering with stomach trouble and nervousness. She always complained of a heavy, disagreeable feeling after eating anything and she suffered with pains and burnings in her chest. She was so nervous that it was almost impossible for her to sleep. Every morning she hardly had strength enough to get breakfast and several times when she started to sweep the floor she would have a fainting spell and simply have to go to bed.

"When she saw what Tanlac was doing for me she went to taking it herself, and today she does not look like the same person. For the first time in five years she is now able to eat whatever she wants without suffering afterwards and everything she eats gives her strength and energy. Her nerves are steady, she sleeps as soundly as she ever did. Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug stores in every town.

William Shanahan and James Ranson of the southwest part of the county visited the city yesterday.

## AJAX CORD

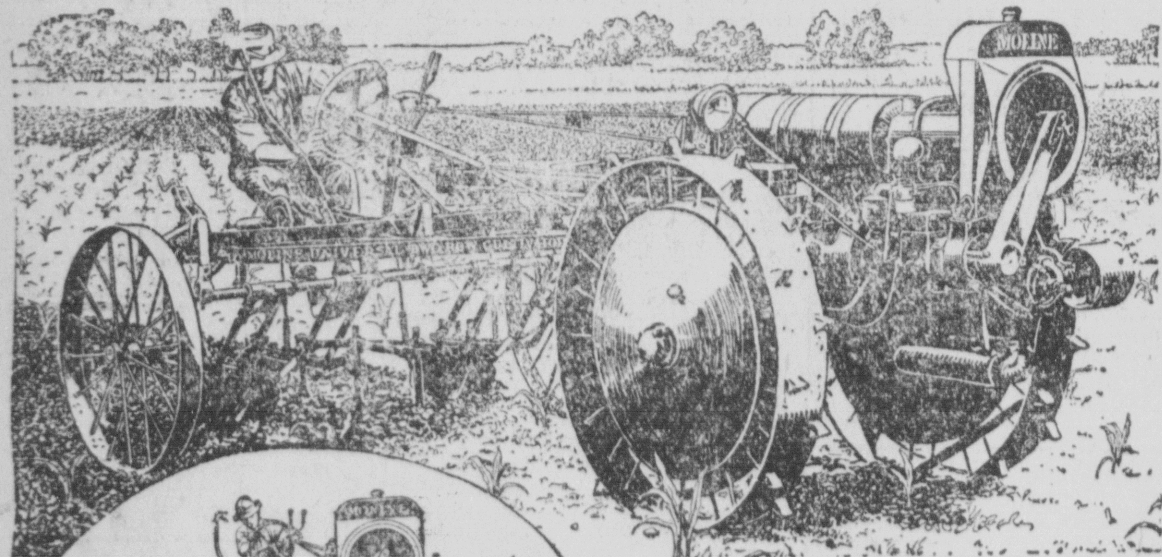

THOSE indented grip spots, in the center of each cleat, are safeguards against side-slipping. In forward or backward motion the cleats take hold, like the cleats on an athlete's shoes.

Thus the Ajax Cord is thoroughly dependable. Study the cleated tread. You can see why it holds.

## The MOLINE Tractor is Universal

One man with one tractor  
does all field work  
from plowing to harvest

The Moline Universal Tractor is doing more to produce a corn crop than any other Tractor in Illinois.

One man cultivates 20 acres per day, while the remaining help on the farm put up hay and do the other belated work occasioned by the rainy weeks of April and May.

Plow your small corn, "lay by" your corn, with a Universal Tractor before wheat harvest, and then hitch a Moline 10-foot binder to your Moline Universal Tractor and harvest 40 acres per day. (more than two, horse-binders of any make, will harvest hitched to a Tractor.)

The following up-to-the-minute farmers are cultivating their corn with Moline Universal Tractors: W. D. Hitt, C. C. Self & Son, Kinney Bros., cultivating with two; Bert Rawlings, Ed Merriss, W. G. Watt and C. T. Hicks, cultivating with two.

Let us take you to any of the above named farms and show you the work they are doing. You'll want one, you need one. We've got it for you.

## Let Us Show You These Conveniences

In the Sellers Kitchen Cabinet are found the utmost in conveniences, due to Sellers creations. Every want is anticipated—every last possible effort and needless move eliminated. Come in and we will demonstrate these extra conveniences found only in

## SELLERS KITCHEN CABINETS

"The Best Servant in Your House"

Take, for instance, the Automatic Lowering Flour Bin—acknowledged the most important improvement ever made in kitchen cabinets. All the dangerous lifting and straining and the treacherous chair climbing necessary when filling the ordinary flour bin is eliminated. This automatic flour bin drops down level with the work table. Fills with ease, then quietly slips back into place.

Then there's the Automatic Base Shelf Extender. When you open the lower cupboard door, the pots and pans are automatically brought within easy reach.

Altogether there are 15 vitally necessary improvements never before combined in any cabinet. These include the Ant-Proof Casters, which cost us \$10,000 a year

more than ordinary casters—Dust-Proof Base-Top underneath our Sanitary Porcelain Work Table—the beautiful Oil Hand-Rubbed Finish—a \$9,750 feature—and many others which entail an added expense of over \$100,000 each year.

Unusual though it may seem, the Sellers is not an expensive Cabinet. It costs no more than any ordinary good cabinet. The extra features are contributed by the Sellers factory.

There are conveniences you have always wanted, but never found. Now you can have them all. We will gladly arrange terms of payment to suit your income. Why delay?
